

Poly-Body In-Floor Safes

Proudly Built in America! Hayman has been building our patented polyethylene body in-floor safe since 1994.

We know the value and solid protection that an In-Floor Safe provides and we put extra features into every unit.

- Rustproof body
- Drill resistant Hard Plate
- S&G Combo Lock standard
- 1/2" or 1" Solid steel door
- Convenient storage molded into the walls
- Patented lift off door assembly allows for interchangeability.
- Guaranteed seepage protection
- Mechanical Re-Locker
- Electronic Lock Options
- Spring assisted hinge (not available on the S1200)

	Outside	Inside	Cubic Ft	Wt w/1/2" door
S1200	15Hx15Wx10¼D	11½Hx14½Wx8D	.76	42lb
FS2300	15Hx18½Wx15½D	12Hx17Wx13¼D	1.35	76lb
FS4000	20¼Hx21¼Wx15½D	17Hx20¼Wx13¼D	2.39	88lb

add 20lb for 1" door
(not available on the S1200)

These safes carry the HAYMAN Lifetime Fire and Burglary Guarantee when properly installed in a concrete foundation.
